

Origin of Culture

Drawing on the work of Levi-Strauss, Malinowski, Dumézil, Van Gennep, Eliade and many others, Dr. Marsland proposes a dual/triune structure to early religion--a structure which appears to be worldwide. Marsland discusses the ideas of E.B. Tylor's *PRIMITIVE CULTURE* (1872); James Frazer's *GOLDEN BOUGH* (1890); the work of the Cambridge Ritualists, such as Jane Harrison's *THEMIS* (1912) and F.M. Cornford's *ORIGINS OF ATTIC COMEDY* (1914); and Jessie Weston's *FROM RITUAL TO ROMANCE* (1920). Also explored are the epistemological dilemmas of culture-formation and cultural diffusion based on mythic and societal change. This synthesis encompasses in a coherent whole gods, goddesses and their functions, festival rituals, the composition of sacred sites, the meaning of animal emblems and symbols in art, along with tribal social patterns. Taking a post-Lacanian view of the religious origin of culture, Dr. Marsland posits the use and structure of symbol in new and intricate ways. Academica Press is an independent scholarly press specializing in publishing monographs and reference material in the humanities and social sciences. We are particularly interested in producing works of scholarly interest in English language studies, literary history and criticism, drama, sociology, education and Irish studies. (Our dedicated imprint, Maunsel & Co., specializes in scholarly research in Irish studies.) We have recently developed projects in African and Afro-American research areas as well as Theology and Legal Studies. Some select areas where we publish include: -American 19th- and 20th-Century Language and Literature -British 19th- and 20th-Century Language and Literature -Irish Studies -African Studies and African-American Studies -Law, including Sports Law -Higher Education -English Church History
