

History of the Cherokee Indians and their legends and folk lore

This humble effort is attempted for the purpose of perpetuating some of the facts relative to the Cherokee tribe, that might otherwise be lost. The object has been to make it as near a personal history and biography of as many Cherokees as possible. Without the assistance of the magnanimous, wholesoul membership of the nation, the work would not have been possible and for that reason I wish to thank each and every member, for their hearty collaboration and express my regret that the work has not the merit with which many others might have invested it.
