

Italian Life Rules

Italians have spent a thousand years perfecting a certain way of living. In a country with a reputation of not obeying rules, there are some hard and fast Italian Life Rules, which are known and followed.

You should never greet some people in Italy with a cheery Ciao! Why? Italian women can stride across cobblestones wearing stilettos with five-inch heels. How? Studies show that Italians tip less than other Europeans. Why? Tourists can't go to just any Italian beach and spread a picnic lunch out on the sand during some months. When? It seems like every shopkeeper in Italy demands exact change. Why? Before traveling to Italy, read about the Italian Life Rules to heighten your anticipation of Italian life and to prepare you for the inevitable joys and pitfalls of your visit. When in Italy, enjoy being Italian for a few days, weeks or months, by learning first-hand the Italian Life Rules for a greater appreciation of what it means to be Italian.
