

On Relationships: Embracing Love in Delicious Complicity

Authors Note: The discourse in this booklet is an account of my experiences with romantic relationships, and some of the experiences of people who have shared their sentiments in singles seminar, relationship workshops, and counselling sessions with which I was involved over the years. It is not a scientific study of the subject matter, nor does it represent a literature review. The text that follows is intended as a personal reflection on relationships, and is based primarily on anecdotal accounts supplemented by various quotes that are pertinent to the topics presented and that hopefully prompt further insights. The opinions expressed are strictly my own, unless otherwise stipulated. If you wish to express your opinion in response to any of the comments that follow, please do so as per the coordinates provided at the end of this publication in the Authors Biography. Thank you, and good reading.
