This compilation includes 425 items covering the period from 1893 to the present. It is a revised second edition including 49 more items than the first edition published in August 2013. The items include accords, agreements, declarations, memoranda of understandings, original archival materials, proposed initiatives and plans, press conferences, primary source documents, political statements, speeches, secret understandings, summit conference protocols, treaties, UN Resolutions, and more. Many of the entries are translated from Arabic, German, and Hebrew and appear in print for the first time. There are thirteen maps covering the Ottoman period to the present, and a population chart of Eretz Yisrael/Palestine/Israel covering 1517-2014. This e-book is divided into six sections, each with a short introduction of the history of the period. There is an extensive introduction describing the process of material collection which began in the late 1970s. Center for Israel Education (CIE) collects, produces, and disseminates material about modern Israel. We construct curriculum, engage professionals, and maintain a website that provides contemporary and historical materials. Learn more about CIE at [www.israeled.org](http://www.israeled.org)
