Caleb Harrison doesn't believe the medallion his fiancée has given him is a magical amulet from Atlantis. Then he is transported from 1836 to the 21st Century where he meets Becci Berclair, his fiancée's descendant. Becci is sure that the workman who has collapsed in her home is insane. He claims to be the murderer of her namesake, Mary Rebecca Berclair, in 1836, but Becci can't believe this gentle man is a killer. Unbeknownst to Becci and Caleb, Becci's ex-fiance is also from the past, and they will do anything to get Caleb's medallion and the power it will give him. Soon Caleb and Becci are in a battle that could change both the past and the future forever.
