

North Star

Since her divorce a year ago, Kate Thurston feels like she's lurched from one disaster to another. Her teenage daughter, Georgia, seems to have morphed into a monster overnight, and her son Liam breaks her heart with his sad brown eyes. When Kate receives news that her grandfather has bequeathed her North Star, the vast property that has been in her family for generations, it feels like the perfect opportunity to flee the hectic pace of city life for a calmer rural existence. As soon as she arrives at North Star, however, Kate realizes she's going to need every ounce of determination to restore the rundown homestead to its former glory and fulfill her dream of turning it into a bush retreat. And as for the farm, well, it's in utter disarray. As she starts to make headway with the homestead's restoration, and falls for a local bloke, Kate finally feels like life is going right for her. Then her ex-husband comes to town and triggers a series of events that will change her life forever. In the tradition of Fleur McDonald and Rachael Treasure, with dollops of mystery and lashings of suspense, North Star will have you reading through the night.
